About us

The British Council is the UK's international organisation for cultural relations and educational opportunities. We create friendly knowledge and understanding between the people of the UK and other countries. We do this by making a positive contribution to the UK and the countries we work with – changing lives by creating opportunities, building connections, and engendering trust.

We work with over 100 countries across the world in the fields of arts and culture, English language, education, and civil society. Each year we reach over 20 million people face-to-face and more than 500 million people online, via broadcasts and publications. Founded in 1934, we are a UK charity governed by Royal Charter and a UK public body.

Geopolitical/SBU/Function overview:

The English and Examinations Strategic Business Unit (E&E) is one of three strategic business units in the British Council (the others being Arts and Education & Society) all of which have the remit to build trust for the people of the UK by building relationships through aspects of our language and culture. E&E achieves this by enabling people across the world to access the life-changing education and work opportunities that are created by learning English or gaining valuable UK qualifications. Promoting the English language also provides a medium for communication, helping break down barriers of misunderstanding or mistrust between cultures.

The British Council's vision for English & Examinations is to be the world authority in high quality English language teaching, learning and assessment, as well as the international distributor of choice for UK professional and school qualifications.

In a cost and resource-constrained environment, balancing the on-going requirements and allocation of funds will be critical, as will the integration and planning of the implementation of the different changes across a global network of 100+ countries charged with the on-going delivery of impact and income whilst changing key elements of the supporting operational platform.
